This biography of Helen Schucman focuses on the lifetime conflict between her spiritual nature and her ego, and includes excerpts from her recollections, dreams, letters, and personal messages from Jesus -- all never before in print. The book gives a detailed account of Helen's personal experiences of Jesus, her relationship with William Thetford, and her scribing of the Course. The last part contains reminiscences of Helen by Kenneth Wapnick, which draw upon their intimate relationship that spanned the last eight years of her life.

This collection of inspired poetry from Helen Schucman was created through the same process of "inner dictation" as A Course in Miracles.

A Course in Miracles Urtext Manuscripts is a collection of all seven canonical volumes of the world renowned Third Testament under one cover. It represents the oldest available typed copy of the words dictated by a voice to professor, research psychologist and Scribe Helen Schucman, Ph.D. between 1965 and 1978. The voice, claimed Schucman, was Jesus. This edition predates all others currently in print. It is available in two cover styles, one plain burgundy and another with a painting The Resurrection by Pieter Lastman, made available by the Getty Museum in Los Angeles, CA, USA. There is a free companion website with concordances and source material libraries. An optional 4.5 Gb/DVD containing an enhanced edition of the website, concordances, over 10,000 pages of source material, a synthesized audio reading of the 31 chapter text and several editions of the King James Bible is available in some editions. The Urtext Manuscripts include extensive discussions of the Bible, sex, possession, Freud and other topics which were edited out of other editions. There are over 2400 footnotes to references on variant ACIM readings and Bible verses. The book also includes extensive appendices with commentary on the versions and history of A Course in Miracles by the compiler of this remarkable edition, Doug Thompson. The Urtext Manuscripts are ideal for students and teachers who wish to deepen their knowledge of A Course in Miracles and its unique approach to life and the teachings of the Bible. This edition seeks not to be the final rendition of A Course in Miracles, but rather one giant leap toward the greater goal of getting the words right. In that light, the reader may expect future editions to contain updates in textual scholarship, biblical references, appendices, added indexing, DVD contents and more."

"ONE PART MYSTERY, ONE MILLION PARTS AMAZING." —Cosmopolitan A Recommended Summer Read from Entertainment Weekly * Bustle * Nylon * Cosmopolitan "How do you escape your childhood, emotionally, actually? This compelling mystery has a rare depth of psychological and emotional truth. It will engage your heart." —Delia Ephron, New York Times bestselling author of Siracusa Tikka Malloy was eleven and one-sixth years old during the long, hot, Australian summer of 1992. The TV news in the background chattered with debate about the exoneration of Lindy ("dingo took my baby") Chamberlain. That summer was when the Van Apfel sisters--Ruth, Hannah, and the beautiful Cordelia--mysteriously disappeared. Did they just run far away from their harsh, evangelical parents, or were they taken? While the search for the girls united the small community, the mystery of their disappearance was never solved, and Tikka and her older sister, Laura, have been haunted ever since by the loss of their friends and playmates. Now, years later, Tikka has returned home to try to make sense of that strange moment in time. Part mystery, part darkly comic coming-of-age story, The Van Apfel Girls Are Gone is a page-turning read--with a dark, shimmering absence at its heart.

This book was written in response to the difficulties students have with the Course's Christian context and its emphasis on Jesus. It first discusses the principles of A Course in Miracles, specifically focusing on the dynamics of the ego and the meaning of forgiveness. Next, the teachings of Christianity are presented in the light of these principles, with the person of Jesus also discussed in depth. Throughout, special attention is given to the application of the Course's principles to important areas in our lives such as injustice, anger, sickness, sexuality, and money.

This study weaves passages various from A Course in Miracles into a comprehensive theory of time. In three parts, the book first explains the holographic though illusory nature of time. It next discusses the plan of the Atonement, the role of the miracle and forgiveness, and the time collapse they foster. The third part discusses the end of time, and includes the Course's concepts of the real world, the Second Coming, the Last Judgment, and finally God's last step.

The characters of these tragediesKing Lear, Hamlet, Macbeth, and Othellospeak to all of us; indeed they are all of us. As the commentary in these four volumes reveals, their motivations and feelings are different aspects of the thought system of specialness we all share; and had these characters chosen the path of compassion and forgivenessthe thought system of healing we all likewise sharethe ensuing outcome would surely not have been tragic. A Course in Miracles teaches us that choosing the Holy Spirit rather than the ego enables us to smile at the ego's silliness as we stand free of its insanity and viciousness.

From the moment I am born, I am like no-one else around me. I am a fish out of water. Even in the pool. Leisel Jones is rightly regarded as one of the greatest breaststrokers ever. At just fifteen, she won two silver medals at the Sydney Olympic Games in 2000; she went on to win gold at Athens and Beijing, and at London 2012 became the first Australian swimmer to compete at four Olympics. For the first time, Leisel candidly describes what it's like to be thrust into the limelight so young. She reveals the constant pressure she was under – from coaches, from the media and from herself – to be perfect. Despite the highs of her swimming stardom, she suffered depression, and at one time planned to take her own life. In London, criticised in the media for her weight, and appalled by the bullying and dysfunction in the Australian swim team, Leisel nevertheless handled herself with great composure. She has emerged with maturity and good humour, having finally learnt how to be herself and live with confidence. Body Lengths is the inspiring story of an Australian sporting hero, told with humour, optimism and style. Longlisted, 2016 Australian Book Industry Awards 'There were times when it wasn't easy for Leisel, but she came through as one of the greatest swimmers of all time.' —Ray Warren 'Swimming, success and sadness - all wrapped up in the bio of one of our greatest athletes.' —Cosmopolitan 'Gripping, confronting and important, Body Lengths is a masterfully told story that will leave you with a disturbing new look at elite sport and at life. If you are not afraid of dark places – of seeing the flaws that exist in us all – you won't be able to put the book down.' —Crossing the Line 'Gold, silver and blues' —Herald Sun 'Many autobiographies claim to be no holds barred, but we're pressed to think of many that are as searingly honest as Leisel Jones' account of her struggles with isolation and suicidal anguish. One of Australia's greatest Olympic swimmers is known to the world for her sunny public persona and athletic grit, but outside of the pool and limelight, her path hasn't been easy. Body Lengths exposes some of the darker aspects of competitive sport, but what stuck with us was Jones' courage to speak her truth – as well as her disarming humility and passion.' —iBooks, Best Books of October 'A compelling and thought-provoking story, Leisel's honesty is remarkably heroic and poignant.' —Layne Beachley AO 'Lethal Leisel was an incredible role model and an inspiration for my generation. She epitomises the Olympic dream!' —Sally Fitzgibbons 'Leisel gives a fascinating and candid account of her time as an elite swimmer and what it was like to be thrust into the limelight at such a young age She writes engagingly of the personal high and low points, the relationships and friendships, and the huge demands of maintaining her fitness and training over the years.' —The City Leisel Jones retired from swimming in 2012 as the winner of three Olympic gold medals, and many Commonwealth and world championship medals. She was a commentator at the 2014 Commonwealth Games, and in 2015 was inducted into the Sports Hall of Fame. Felicity McLean is the author of several books. She has written for the Daily Telegraph, the Courier Mail, the Big Issue and more.
