operate, maintain, store and use the machine. Operation costs are a recurring expense based on frequency of use while idle sitting machines are a drain to the income.

### What is Construction Equipment Management?

Construction equipment management requires real-time visibility and tracking of all of your equipment and tools—the very foundation for profitable construction jobs. Regardless of how you bid the job, you need to accurately track costs, mobilize assets, measure utilization and be able to charge back costs to that specific job site or task.
