You may call them grandmothers remedies but these are better than the doctors dopes . These ate the remedies proveded by nature and they are very potent and a harmless . So fo to your kitchen and you will find the remedy

it would be better if you follow natural ways to health you should take food as nature has made it , i.e. raw fruits and vetetables . This book helps you to select the right fruit for a specific disease.

Food is the basic necessity of one's life and whatever we do, we do so to eat well, live in comfort and have a comfortable dwelling place. But our food must be balanced, cheap, nutritious and easily available. Keeping such factors in mind and pocket constraints of general masses, some lines have been devoted to this particular aspect. Before we conclude, it is better to advise the readers that if, per chance, some complication occurs, consult dietician or Naturopath who can advise for proper modification and substitutes for juice therapy, keeping in view an individual's requirement. But never get panicky, nervous or impatient. This book has been written to stress upon the utility, efficacy, usage, curability of various physical disorders, their blending with other products as and when necessitated, alternate substitution with other less costly substitutes, so that one can derive equal benefits, even with limited and sparse resources.
