The Reach of Rome explores these questions through an ingenious lens: the path of a single coin as it changes hands and traverses the vast realms of the empire in the year 115. Admired in his native Italy for his ability to bring history to life through narrative, Alberto Angela opens up the ancient world to readers who have felt intimidated by the category or put off by dry historical tomes.

Roman Empire At the height of its territorial expansion is to be struck by its size, stretching from Scotland to Kuwait, from the Sahara to the North Sea. What was life like in the Empire, and how were such diverse peoples and places united under one rule? The Reach of Rome explores these questions through an ingenious lens: the path of a single coin as it changes hands and traverses the vast realms of the empire in the year 115. Admired in his native Italy for his ability to bring history to life through narrative, Alberto Angela opens up the ancient world to readers who have felt intimidated by the category or put off by dry historical tomes. By focusing on aspects of daily life so often overlooked in more academic treatments, The Reach of Rome travels back in time and shows us a world that was perhaps not very different from our

Read PDF The Reach Of Rome A History Of The Roman Imperial Frontier 1st 5th

own. And by following the path of a coin through the streams of commerce, we can touch every corner of that world and its people, from legionnaires and senators to prostitutes and slaves. Through lively and detailed vignettes all based on archeological and historical evidence, Angela reveals the vast Roman world and its remarkable modernity, and in so doing he reinforces the relevance of the ancient world for a new generation of readers.

Rome's Vengeance In the year A.D. 9, three Roman Legions under Quintilius Varus were betrayed by the Germanic war chief, Arminius, and destroyed in the forest known as Teutoburger Wald. Six years later Rome is finally ready to unleash Her vengeance on the barbarians. The Emperor

Read PDF The Reach Of Rome A History Of The Roman Imperial Frontier 1st 5th

Tiberius has sent his adopted son, Germanicus Caesar, into Germania with an army of forty-thousand legionaries. They come not on a mission of conquest, but one of annihilation. With them is a young legionary named Artorius. For him the war is a personal vendetta; a chance to avenge his brother, who was killed in Teutoburger Wald. In Germania Arminius knows the Romans are coming. He realizes that the only way to fight the legions is through deceit, cunning, and plenty of well-placed brute force. In truth he is leery of Germanicus, knowing that he was trained to be a master of war by the Emperor himself. The entire Roman Empire held its collective breath as Germanicus and Arminius faced each other in what would become the most brutal and savage campaign the world had seen in a generation; a campaign that could only

end in a holocaust of fire and blood.

Traces the history of the Roman Empire's boundary which ran for roughly 4,000 miles from Britain to Morocco via the Rhine, the Danube, the Euphrates, the Syrian Desert, and the Saharan fringes

This voyage of exploration chronicles twenty-four hours in the life of a Roman patrician, beginning at dawn on an ordinary day in the year 115 A.D., with Imperial Rome at the height of its power.

The Roman Empire was one of the most powerful forces in history. However, few people realize that this vast empire was

Read PDF The Reach Of Rome A History Of The Roman Imperial Frontier 1st 5th

Guarded by one frontier, a series of natural and man-made barriers, including Hadrian's Wall. It is impossible to have a true understanding of the Roman Empire without first investigating the scope of this amazing frontier. The boundary ran for roughly 4,000 miles--from Britain to Morocco via the Rhine, the Danube, the Euphrates, the Syrian Desert, and the Saharan fringes; reinforced by walls, ditches, palisades, watchtowers, and forts. It absorbed virtually the whole imperial army, enclosed three and a half million square miles, and defended forty provinces (now thirty countries) and perhaps eighty million Roman subjects. In protecting the empire the frontier made a substantial contribution to the Pax Romana and ultimately to preserving the inheritance of future Europe. Yet this static mode of defense ran counter to

Read PDF The Reach Of Rome A History Of The Roman Imperial Frontier 1st 5th

Rome's tradition of mobile warfare and her taste for glory, born of centuries of conquest. The emperors' choice of a passive strategy promoted lassitude and conservatism, allowing the military initiative slowly to pass into barbarian hands. The Reach of Rome is the first book to describe the entire length of the amazing imperial frontier. It traces the political forces that created it and portrays those who commanded and manned it, as well as those against whom it was held. It relates the frontier's rise, pre-eminence, crises, and collapse and assesses its meaning for history and its legacies to the post-Roman world. Finally, it also tells the story of the explorers who rediscovered its lost works and describes the nature and location of the surviving remains. Includes thirty beautifully designed maps.

What went wrong in imperial Rome, and how we can avoid it: “If you want to understand where America stands in the world today, read this.” —Thomas E. Ricks The rise and fall of ancient Rome has been on American minds since the beginning of our republic. Depending on who’s doing the talking, the history of Rome serves as either a triumphal call to action—or a dire warning of imminent collapse. In this “provocative and lively” book, Cullen Murphy points out that today we focus less on the Roman Republic than on the empire that took its place, and reveals a wide array of similarities between the two societies (The New York Times). Looking at the blinkered, insular culture of our capitals; the debilitating effect of bribery in public life; the paradoxical issue

Read PDF The Reach Of Rome A History Of The Roman Imperial Frontier 1st 5th

of borders, and the weakening of the body politic through various forms of privatization, Murphy persuasively argues that we most resemble Rome in the burgeoning corruption of our government and in our arrogant ignorance of the world outside—two things that must be changed if we are to avoid Rome's fate. "Are We Rome? is just about a perfect book. . . . I wish every politician would spend an evening with this book." —James Fallows

Traces the rise of Rome as an unlikely evolution from a market village to the world's most powerful empire, offering insight into its political clashes, military strategies, leading figures, and internal corruptions.

A madman who murders his way into power lusts for ever-greater glory and domination. A capital city awash with corruption, sensuality, and political intrigue is at the flash point. And caught between the crushing currents of history are a new but growing religious group known as the followers of The Way. Award-winning historian and best-selling author Paul L. Maier has created a compelling style of documentary fiction, using only known historical events and persons to bring to life first-century Rome in all its excess, treachery, and insanity. This is the Rome that the apostle Paul visits, where he's placed on trial, and which is forever changed by his testimony and witness. Maier takes readers into the courtroom of imperial justice and into the homes of the people struggling with the new faith they've encountered to answers

Read PDF The Reach Of Rome A History Of The Roman Imperial Frontier 1st 5th

Questions such as: How did Christianity first reach Rome? Why did Paul have to wait two years for trial and was he condemned or set free? Why does the New Testament account in Acts end so abruptly? Who set fire to Rome and why did Nero persecute Christians so horribly? Following the the family of Flavius Sabinus, mayor of Rome under Nero Maier captures all the drama and tension of the political conflicts that precede and follow the Great Fire of Rome, and the epic political and religious clashes of the world's capital. This is the sensational story of pagans at their worst—and Christians at their best. Readers won't want to put it down.

Presents a history of the Roman empire that provides coverage of an extensive range of topics from its government
